Professional Summary

Frontend / React Developer specializing in building high-performance, responsive Single Page Applications (SPAs), component-driven web architectures, and real-time interactive user interfaces. Proven expertise in React.js (v19), Vite, Tailwind CSS, advanced state management, and seamless RESTful API integration.

Education

JIS University – B.Tech in Computer Science and Engineering (CGPA: 9.0)

Kolkata, West Bengal — 2022 – 2026

Experience

Management and Computer Consultants (MCC)

Sep. 2026 – Present

Trainee Software Developer

Kolkata, West Bengal

- Modernized legacy UI layouts and client-facing web components across 3+ enterprise client web applications.
- Accelerated responsive front-end interface development and cross-browser optimization, lowering render overhead by 20%.
- Adhered to strict enterprise front-end coding standards, component design system specs, and accessibility guidelines.

Hansraj Ventures Pvt. Ltd.

May 2026 – Sep. 2026

MERN Stack Developer Intern

Remote / Hybrid

- Developed and maintained responsive user interfaces using React.js, Tailwind CSS, and JavaScript supporting 1000+ daily active users.
- Built reusable component libraries and optimized client-side state management workflows using Context API across 10+ modules.
- Optimized frontend bundle size by 30% and enhanced DOM render performance, significantly improving load speeds across devices.
- Integrated client-side REST API authentication workflows, token storage, and dynamic error state rendering with 99.9% reliability.

Projects

CodeSage | React.js, Vite, Tailwind CSS, Framer Motion, Syntax Highlighter | [github.com/AnbCrafts/CodeSage](#)

2026

- Created a VS Code-inspired browser IDE using React.js, Tailwind CSS, and Framer Motion featuring custom syntax highlighting.
- Implemented interactive tabbed action panels allowing users to trigger code explanations and Big-O analysis, cutting redundant UI re-renders by 35%.
- Built client-side data handling, toast notifications, copy-to-clipboard utilities, and dynamic .txt report downloads across Desktop and Mobile.

TrackForge | React.js, Vite, Tailwind CSS, Framer Motion, Context API, Socket.io | [github.com/AnbCrafts/TrackForge](#)

2026

- Engineered a responsive dual-theme frontend UI in React, Tailwind CSS, and Framer Motion with a clean SaaS workspace dashboard.
- Built an interactive IDE file explorer with folder structure preservation, split-pane details, and real-time Socket.io chat updates under 50ms latency.
- Designed dynamic dashboards and data visualizations for ticket volume analytics, team productivity, and AI assignee match recommendation cards.

Nirman.AI | React 19, Vite 7, Monaco Editor, Tailwind CSS, JSZip, Framer Motion | [github.com/AnbCrafts/Website-Builder](#)

2026

- Developed a production React 19 studio editor wrapping Monaco Editor and live iframe preview containers with real-time compilation.
- Engineered client-side ZIP packaging via JSZip, enabling users to export structured index.html and script.js codebases directly in the browser.
- Designed an interactive WCAG AA Design Audit terminal, custom responsive device simulators, and real-time SSE progress telemetry panels.

Technical Skills

Languages: JavaScript (ES6+), TypeScript, HTML5, CSS3, C++, SQL

Frontend Frameworks & UI: React.js (v19), Vite 7, Tailwind CSS 3, Framer Motion, Monaco Editor, Redux, Context API

UI Performance & Utilities: JSZip (Client Export), React Hot Toast, Lucide Icons, Axios Interceptors, Syntax Highlighting

Real-Time & APIs: Socket.io Client, Server-Sent Events (SSE), RESTful API Consumption, JSON Parsing

UI Design & Workflow: WCAG AA Compliance, Glassmorphism UI, Responsive Device Simulators, Git/GitHub

Certificates & Achievements

Full-Stack Web Development Certification: Ardent Computech Pvt. Ltd. (2025).

Java Programming Certification: NPTEL Certification, IIT Kharagpur (2024).

Hackathon Participation: Competed in Hack-O-Nova, a 36-hour inter-college hackathon at Adamas University (2024).
